Dear Mr Martin,

Thank you for your letters of 18<sup>th</sup> and 26<sup>th</sup> March 2002 addressed to Mr Ambrose Lee, our Director. Mr Lee have seen your letters and asked me to reply on his behalf.

Your recommendations regarding areas of further liberalization and the position paper on the numerous issues on PRC staff visa matters are really very enlightening. Being head of the Visa Control Division responsible for visa policy reviews, I am really anxious to meet you and the key people within AmCham to tap on your valuable experience on how best we should take the matter forward and what could be done to help remove the impediments.

As I will have a duty trip to the Mainland from 11 April until mid May 2002, I suggest the proposed meeting be held some time in late May or early June. I will contact you further on my return.

Looking forward to meeting you soon.

Yours truly,

David W K Chiu
