

# FUTURE LEADERS CLASS OF 2022

## JUSTINA YIM

BUSINESS MANAGER  
CLP POWER HONG KONG

Justina Yim is the Business Manager of CLP Power Hong Kong, Black Point Power Station and Penny's Bay Power Station, and as the Project Manager of Operational Excellence Program in the Generation Business Group.

Justina joined CLP Power Hong Kong as a Graduate Trainee right after graduation, and was responsible for the oversight of maintenance, project management and engineering for 9 years, including involvement in mega projects like the new Combined Cycle Gas Turbine. She also had approximately 2 years of experience in Renewable Energy involving project development work and energy yield assessment for both wind and solar projects in China, India and Southeast Asia, focusing on the technical evaluation aspects of the project. Furthermore, she was also assigned to a special project to lead a team in Fang Cheng Gang, Guangxi China to drive a 9-month Safety Culture Change Program, before returning to the Hong Kong Business as Business Manager.

Justina Yim is now actively participating as the Project Manager of Operational Excellence Program in the Generation Business Group, which is a change program to optimize existing business process, organization, and management within the Business Group.

Justina is a Chartered Engineer, a Bachelor of Engineering in Mechanical Engineering from Hong Kong University of Science and Technology, as well as a Master of Science in Engineering (Industrial Engineering and Logistics Management) from Hong Kong University.
