HOW TO JOIN IN: Host a Virtual Viewing Party!

Capture the excitement, engagement and camaraderie of past WOI conferences in the shared experience of a **Virtual Viewing Party!** Gather colleagues, guests, clients and friends for shared participation in the conference and celebration of this year’s WOI Awardees.

This year’s WOI Conference will take place from **10:00am-1:30pm** including noontime programming, perfect for hosting an enjoyable roundtable and casual lunch. Think of it as you would hosting or gathering a table in past years, but with new and exciting elements, and at a super attractive price point.

What You Need To Host - Requirements

Email Contact: Each host organization or individual will supply **one** email address for conference access.

Virtual Party Venue and Equipment: 1) a **room** with seating for everyone, 2) **high speed internet** access, and 3) **AV equipment** – a screen with audio large and powerful enough for everyone to see and hear.
